

## **101 Ways**

### **Intro**

So they say...

### **Chorus**

There's one hundred and one ways of getting a date  
And the experts all say that it's never too late  
There are speed dating clubs or an Internet page  
No thanks...I'll choose the old fashioned way  
No thanks...I'll choose the old fashioned way

### **Bridge 1**

To separate from love's lost mate

### **V1**

Is the wisest and hardest thing I ever did  
After so many years in the land of what ifs  
I'd like to now what I knew as a kid  
How easy it was to find someone to kiss  
And though I am stuck out at work every day  
I'll be doing just fine despite what they say

### **Chorus**

### **V2**

I'll talk to my siblings and talk to my friends  
And let them all know that I'm starting again  
Or maybe some courses I've wanted to do  
Saloons aren't for me but they might be for you  
I'll walk my dog daily to keep myself trim  
And live somewhat better inside of my skin

### **Chorus**

### **Bridge 2**

To reconcile became a trial

### **V3**

And was the last and the best lesson I ever learned  
On closing the book on a love that was spurned  
A misguided marriage that had to succumb  
It's easy to blame it on being too young  
I wish I knew then what I've reckoned so far  
That love's seldom found in the back of a bar

### **Chorus**

I'll go do some dancing at the local church hall  
And dress myself up and hold myself tall  
Or maybe I'll join a sport club that is fun  
Hiking or touring or a charity run  
And I'll take little big steps every day  
Maybe its true what the experts all say

### **Chorus 2**

There's one hundred and one ways of getting a date  
But the hundred and second is the time tested way  
Believe in yourself and believe it today  
Okay...I'll choose the old fashioned way  
Okay...I'll choose the old fashioned way
