

## **A Change Will Come**

### **V1**

I have been the great resister  
I'd stand stead fast in the middle of a twister  
With everything swirling around me  
I thought myself as rooted as an old oak tree

It's been said "If you can keep your head"  
"While all others around are losing theirs instead  
Tried and true is your is your salvation  
But maybe you don't really have a grasp of the situation

### **Chorus**

Hey you...a change will come  
And we've got to dance to the beat of a different drum  
Look out...it's rolling for you  
You can jump away or get pushed into somewhere new...something new...you might  
just meet someone new... ...Wha hoo!

### **V2**

We are cluttered with things from the past  
The latest and greatest is old and retired fast  
My surprise was well expected  
Relying on pillars of faith I erected  
I was never too emotive  
Until it hit me with the force of a locomotive  
To my eyes nothing was all right  
Nothing was wrong ...just the same morning, noon and night

### **Chorus**

### **V3**

Seasons turn over in everyone's life  
Sunny turns to rain and day turns into night  
It's not far-fetched or even a bit strange  
That we should have trouble keeping everything the same

Fate of karma or is it kismet  
Something tells me that my journey has not started yet  
To somewhere only I can guess of  
Hope it's filled with fun and facts and a lotta love

## **Chorus**
